SUMMARY

Aspiring Python-Django developer with expertise in Python, Django, MySQL, and AWS. Passionate about web design and development, focusing on building scalable, user-friendly applications. Strong technical skills in both frontend and backend technologies, with hands-on experience in full-stack development. Constantly learning and eager to apply my knowledge in real-world applications.

PROJECT

Doctor Appointment Booking System 🔗 https://shaanu8158.pythonanywhere.com

- Overview: A web-based application that simplifies doctor appointment scheduling for patients and healthcare providers.
- Technology Stack: Python, Django, MySQL, HTML, CSS, JavaScript, PythonAnywhere.
- Key Features:
- User Authentication: Secure login/signup for patients and doctors.
- Appointment Scheduling: Allows patients to book, reschedule, or cancel appointments.
- Admin Panel: Manage users, doctors, and appointment records efficiently.
- Database Management: MySQL used for storing patient, doctor, and appointment data.
- Hosting: Deployed using PythonAnywhere for accessibility.

EDUCATION

- **Bachelor of Commerce**   **2018-2021**
  Calicut University

- **Python Programming**   **2024-2025**
  Entri Elevat

CERTIFICATIONS

- Illinois Institute of Technology – Python Programming Certification
- NSDC Certification – Python Programming
- Entri Elevat – Course Completion Certificate

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript
- Web Development: HTML, CSS, Django
- Database Management: MySQL
- Cloud Services: AWS, PythonAnywhere Hosting
- Version Control: Git, GitHub
- Scripting & Automation
